

To: The Honorable Shelley C. Chapman,

I am a Vietnam Veteran and a UMW A member with 33 yrs of Service with EACC-Peabody Coal, I was diagnosed with stage 4 CANCER in 2001. I have had several SURGERIES, taken chemo and had 63 Radiation treatments, both hips Replaced due to Radiation. I use a walker to get around due to swelling and loss of feeling in my Legs & feet.

I go to the CANCER DOCTOR every six months FOR CAT SCANS and blood work. I have no idea what I would do, should I lose my Health CARD.

I am 62 yrs old and totally disabled.

Thank You
Sincerely

Jack L McCarty

PS My wife is my CARE taker and she would Lose her Health Insurance also.
