Sturgis, Ky. 42459

Earl Glenn Duncan

I am writing to give my own information
concerning my health and needs.

I recently had left lung cancer surgery.
Doctor X-Ray showed both lungs very black.
I retired 1994 under Peabody contract.

I take lot of medicine daily and been under
mental care required since 1980. I am under
care of Dr. Rogelio Silva and Dr. Zenaida Medalla
also for my health needs.

I worked 29 years underground coal mines.
Last 22 years under Peabody contract would
be insured and with Pension for life.

I was promised pension and insurance for
life time and I do not think it is right for
taking insurance and Pension
