The Honorable Shelby C. Chapman:

With reference to the Patriot Bankruptcy, I am writing to tell you how important it is for my wife and I to retain our pension & health care.

I am 88 years old and in very poor health. I am I had heart surgery and am on oxygen. I recently applied for Federal black lung and I have to use a walker to walk. My wife is in poor health too.

I retired in 1986 and my pension isn't very much, but every little bit helps. My good health care plan sure helps to make up for it.

Losing my pension & health care plan would be devastating to us, so please help us in any way possible.

Sincerely,
Jane A + Betty Foreman
