Dear Honorable Shelley C. Chapman:

I am writing to you to let you know how desperately I need the coverage from Patriot Coal Insurance from the many years I worked for Peabody Coal. I don't understand why our insurance was sold to Patriot knowing they were in financial trouble to begin with. Now with their bankruptcy, I stand to lose this insurance coverage along with many others.

I've had chronic high blood pressure & low iron for years for which I have to take daily medicine for. I've also had since 1992 when I retired Herpes of my right eye; Throat Cancer (which I had to have radiation treatments); Open Heart Surgery; I've had 5 places in my small intestines

Caterized twice; Had to have my heart shocked back into rhythm.

My wife since 1992 has had a stroke, chronic high blood pressure; vertigo and arthritis in many joints.

If we didn't have the coverage we've had and just had Medicare we wouldn't have been able to live without worrying about buying our medicine or food. Insurance coverage cost now a days is so extreme that my wife & I couldn't afford it.

Someone needs to make sure they stand by their promise to us and not get by with the mismanagement.

The next meeting is in the next couple of weeks and I hope you receive this before then. Many of us need this coverage and know that the root of this problem is their greed of money.

Thank you for taking the
time to read this. I'm a 81 year
old male and my wife is 75 years
old. We, along with many others, who
receive this coverage are in our 70's
& 80's and thank you for taking this time.
God Bless you!

Paul Jones
