

1-15-13

The Honorable Kathy A. Surratt - States:

I am a 74 year old man retired with 35 years service to Peabody Coal Co.

I have black lung acquired from these years of service in strip & underground work. I was promised by Peabody Coal Co. upon retirement these services of health care would be provided, until death.

If this is taken away, it will pose a hardship & life threatening conditions that will affect me & my family.

I should these Coal operators be permitted to break these promises. I truly believe justice will prevail.

Respectfully yours

Dale Barnes
