Dear Judge Sumatt States,

Before you make your ruling, please understand these miners have worked long hard hours for these Coal Companies. Now the miners deserves the benefits promise to them. Miner's lives was in danger everyday from breathing coal dust causing black lung and falling rock there also was other injuries. Some miners was killed in gas explosions. Now the Companies is wanting to turn their backs on these men and women who made them a profit for years. If you take away the retirement pensions and health insurance benefits, who will care for these families? Would you want your family treated like this? Please help the miners and their families.
