It is with great distress that I am writing a letter to a Federal Judge, pleading for fairness. Although I never worked for any coal co. other than Peabody Coal, Squaw Creek mine, I find out that we have been conned by a paper shuffle that may allow them to do away with my health insurance and my pension.

I know that these company millionaires are backing the same politicians that want to our S.S. and medicare. If that happens my wife and I will probably die of our poor health. I'm in this country now, it seems as if we have out lived our worth.

Well, let me just say, I'll be 68 yrs. old later this month. My wife of 48 yrs., will be 66 in May. We have earned our way, helped build Peabody Coal Co. what it is today. We took less money over the years for better ~~and~~ health insurance and pensions for our widows and pensioners and safer working conditions for our workers. We signed those in good faith, expecting they would be

honored.

Now they are asking your Honor to cast  
aside thier workers, widows, and pensioners.  
So they can make more money! We (the miners)  
are waiting for your answer on our future.
