

Dear Honorable Kathy A Surratt,

I am writing to you on behalf of my father. He has worked for Peabody Coal Co. for over 20 years. When he retired he received a pension and his insurance card from them. Now they (Peabody Coal) has become Patriot Coal and took bankruptcy and everything that my father has worked for may be lost. He is in bad health and these things help him to be able to go to the doctors and pay bills. So please support the Coalfields Accountability and Retired Employee Act. (House Bill H.R. 980 Care Act).

Thank you
