(Jointly Administered)

**DECLARATION OF CRAIG E. JOHNSON OF GCG, INC.
CERTIFYING THE METHODOLOGY FOR THE TABULATION
OF VOTES ON AND RESULTS OF VOTING WITH RESPECT
TO THE DEBTORS' THIRD AMENDED JOINT PLAN OF
REORGANIZATION UNDER CHAPTER 11 OF THE BANKRUPTCY CODE**

INTRODUCTION

1. I am a Senior Director with GCG, Inc. (“GCG”) and have personal knowledge of the facts set forth herein. GCG is a bankruptcy and class action settlement administration firm headquartered in Lake Success, New York.

2. Pursuant to the Order Authorizing and Approving the Employment and Retention of GCG, Inc. as Administrative Agent to the Debtors *Nunc Pro Tunc* to the Petition Date dated August 2, 2012 (Docket No. 264), Patriot Coal Corporation and its subsidiary debtors (the “Debtors”) retained GCG to assist the Debtors with, *inter alia*, the solicitation and tabulation of votes in connection with the Debtors’ Third Amended Joint Plan of Reorganization Under Chapter 11 of the Bankruptcy Code, dated November 4, 2013 (Docket No. 4927) (the “Plan”).¹

3. On November 4, 2013, the Debtors filed with this Court the Disclosure Statement for Debtors’ Third Amended Joint Plan of Reorganization under Chapter 11 of the Bankruptcy Code (Docket No. 4928) (together with all Exhibits thereto, including the Plan, the “Disclosure Statement”). On November 7, 2013, the Court entered the Order (I) Approving Disclosure

¹ Capitalized terms used and not otherwise defined herein shall have the meaning given to them in the Plan and/or the Solicitation Procedures Order (as hereinafter defined).

Statement, (II) Approving Solicitation and Notice Materials, (III) Approving Forms of Ballots, (IV) Establishing Solicitation and Voting Procedures, (V) Establishing Procedures for Allowing and Estimating Certain Claims for Voting Purposes, (VI) Scheduling a Confirmation Hearing and (VII) Establishing Notice and Objection Procedures (Docket No. 4968) (the “Solicitation Procedures Order”), governing, among other things, the solicitation of votes to accept or reject the Plan from the following classes (the “Voting Classes”):

CLASS	DESCRIPTION
Class 1C	Senior Notes Parent Claims
Class 1D	Convertible Notes Claims
Class 1E	General Unsecured Claims against Patriot Coal
Class 1F	Convenience Class Claims against Patriot Coal
Classes 2C-100C	Senior Notes Guarantee Claims
Class 2D-101D	General Unsecured Claims against the Subsidiary Debtors
Class 2E-101E	Convenience Class Claims against the Subsidiary Debtors

**SERVING BENEFICIAL OWNERS
THROUGH NOMINEES AND BROADRIDGE**

4. As is typical with publicly-traded securities, the identities of the vast majority of underlying beneficial owners of the Debtors’ publicly traded debt securities bearing CUSIP No. 70336TAC8 (the “Senior Notes”) and CUSIP No. 70336TAA2 (the “Convertible Notes”) and publicly traded equity securities bearing CUSIP No. 70336T104 (the “Equity Securities”) are known only to their brokers or the brokers’ agents. Banks, brokerage houses, and other financial institutions hold the beneficial owners’ securities in “street name” and serve as the beneficial owners’ nominee (each a “Nominee”). Therefore, to effect service of the relevant materials on the beneficial owners of the Senior Notes, Convertible Notes, and Equity Securities, GCG

coordinated with the Nominees as well as with Broadridge Financial Services, Inc. (“Broadridge”), which serves as a mailing agent for many of the Nominees.

5. In instances where GCG delivered materials to the Nominees or Broadridge, GCG provided each Nominee and Broadridge with an instruction letter and sufficient copies of each document for the Nominees and Broadridge to serve all of their beneficial owners of the Senior Notes, Convertible Notes, or Equity Securities, as applicable. The process is described in greater detail throughout this declaration.

TABULATION PROCEDURES

26. The Solicitation Procedures Order directed members of the Voting Classes to return their Ballots and Master Ballots to Patriot Coal Corporation, *et al.*, c/o GCG, Inc., P.O. Box 9898, Dublin, Ohio 43017-5798, or if by hand delivery or overnight courier, to Patriot Coal Corporation, *et al.*, c/o GCG, Inc., 5151 Blazer Parkway, Suite A, Dublin, Ohio 43017, so as to be received by GCG no later than 4:00 p.m. (prevailing Central Time) on December 10, 2013 (the "Voting Deadline").²

27. Upon GCG's receipt of a Ballot or Master Ballot, GCG personnel opened the envelope containing the Ballot or Master Ballot and stamped it with the date and time received. GCG personnel then scanned the Ballot or Master Ballot into GCG's system and assigned a sequential number to the Ballot or Master Ballot (the "Sequence Number").

28. GCG personnel then entered into a computer database, reserved exclusively for recording votes in these cases, all pertinent information from the Ballot or Master Ballot, including the date of receipt, Sequence Number, voting dollar amount, and acceptance or rejection of the Plan and opt-out release election, where applicable.

29. In accordance with the Solicitation Procedures Order, GCG tabulated the votes for each Claim within Class 1E (General Unsecured Claims against Patriot Coal), Class 1F (Convenience Class Claims against Patriot Coal), Classes 2C-100C (Senior Notes Guarantee Claims), Classes 2D-101D (General Unsecured Claims against the Subsidiary Debtors) and Classes 2E-101E (Convenience Class Claims against the Subsidiary Debtors) in the amount of

² Each beneficial owner of the Senior Notes or Convertible Notes was instructed to return its Ballot (or otherwise convey the beneficial owner's vote) to its respective Nominee in sufficient time to allow said Nominee to submit its Master Ballot to GCG by the Voting Deadline.

such Claim as set forth in the Debtors' Schedules unless such holder had timely filed a Proof of Claim, in which event such holder was entitled to vote the amount of such Claim as set forth in such Proof of Claim; *provided* that:

- i. if an agreement with the Debtors or an order of this Court deemed a Claim "allowed" for voting purposes, GCG tabulated the vote in the "allowed" amount set forth in such agreement or Court order;
- ii. if a timely filed Claim was wholly contingent or unliquidated or filed for unknown or undetermined amounts (other than in respect of any DIP Facility Claim), or if a Claim was based on a pending litigation not subject to a judgment against any of the Debtors, and (A) the Debtors did not file an objection to the Claim by the Voting Deadline and (B) the Court did not enter an order pursuant to Bankruptcy Rule 3018(a) temporarily allowing the Claim for voting purposes in an amount greater than \$1.00, GCG tabulated such Claim at \$1.00;
- iii. if the Debtors filed an objection to a Claim by the Voting Deadline, GCG did not tabulate the vote on account of such Claim, except to the extent and in the manner set forth in such objection;
- iv. if an agreement of the Claim holder or an order of the Court "disallowed" a Claim by any time before the Voting Deadline, GCG did not tabulate a vote on account of such Claim;
- v. if an order of the Court estimated or otherwise allowed a Claim for voting purposes, GCG tabulated the vote on account of such Claim in the amount so estimated or allowed by the Court;
- vi. if the Debtors listed a Claim in the Schedules as contingent, unliquidated or disputed, or in an undetermined amount or for \$0.00, and (A) the Claim holder did not file a Proof of Claim by the applicable bar date established by the Court or (B) the Court did not deem the Claim timely filed by an order of the Court before the Voting Deadline, then, unless the Debtors had consented in writing or the holder of such Claim obtained an order pursuant to Bankruptcy Rule 3018(a) temporarily allowing such Claim for voting purposes, GCG did not tabulate such Claim;
- vii. GCG did not tabulate votes on account of Claims filed for \$0.00;
- viii. if a Claim was partially liquidated and partially unliquidated and (A) the Debtors did not file an objection to the Claim by the Voting Deadline and (B) the Court did not enter an order pursuant to Bankruptcy Rule 3018(a) temporarily allowing such Claim for voting purposes in an amount greater than \$1.00, GCG tabulated the vote on account of such Claim in the liquidated amount only.

30. In accordance with the Solicitation Procedures Order, GCG tabulated the votes for each Claim within Class 1C (Senior Notes Parent Claims), Class 1D (Convertible Notes Claims), Classes 2C-100C (Senior Notes Guarantee Claims), and Classes 2D-101D (General Unsecured Claims against the Subsidiary Debtors) in the principal amount held as of the Record Date (the “Record Amount”).

31. In accordance with the Solicitation Procedures Order, GCG did not count or consider the following Ballots for any purpose in determining whether the Plan has been accepted or rejected:

- i. any Ballot that partially rejected and partially accepted the Plan;
- ii. any Ballot filed by a creditor with multiple Voting Class Claims within a particular Voting Class that voted inconsistently with respect to such Claims;
- iii. any Ballot filed by a creditor with multiple Voting Class Claims based on the same underlying obligation that voted inconsistently with respect to such Voting Class Claims;
- iv. any Ballot that was properly completed, executed and timely returned to GCG but did not indicate an acceptance or rejection of the Plan or indicated both an acceptance and a rejection of the Plan;
- v. any Ballot actually received by the GCG after the Voting Deadline unless the Debtors granted an extension of the Voting Deadline for such Ballot;
- vi. any Ballot that was illegible or contained insufficient information to permit the identification of the claimant or interest holder;
- vii. any Ballot cast by a person or entity that did not hold a Voting Class Claim;
- viii. any Ballot cast for a Claim scheduled as unliquidated, contingent or disputed for which no Proof of Claim was timely filed;
- ix. any unsigned Ballot;
- x. any Ballot sent directly to any of the Debtors, their agents (other than GCG) or the Debtors’ financial or legal advisors or to any party other than the GCG;
- xi. any Ballot cast for a Claim that had been disallowed (for voting purposes or otherwise); and
- xii. any Ballot transmitted to GCG by facsimile or other electronic means, unless otherwise authorized by Debtors’ counsel.

32. Pursuant to the Solicitation Procedures Order, GCG tabulated all of the Ballots in accordance with the following procedures and assumptions:

- i. a creditor with multiple Claims in a particular Voting Class must vote all of its Claims within such Voting Class either to accept or reject the Plan and could not split its votes;
- ii. a creditor with Voting Class Claims in multiple Voting Classes based on the same underlying obligation (e.g., a primary Claim and a guarantee Claim) could not split its votes with respect to such Claims;
- iii. if (A) the obligation underlying a Claim against one of the Debtors was the subject of a guarantee of another Debtor and (B) such Claim was an Unimpaired Claim, then any Claim filed in respect of such guarantee was disallowed for voting purposes;
- iv. if a Proof of Claim had been amended by a later-filed Proof of Claim, the later-filed amending Claim was entitled to vote to the extent consistent with the tabulation rules set forth in the Solicitation Procedures Order, and the earlier filed Claim was not entitled to vote;
- v. if no votes to accept or reject the Plan were received for a particular Voting Class, such Voting Class was deemed to have voted to accept the Plan;
- vi. for purposes of the numerosity requirement of section 1126(c) of the Bankruptcy Code, separate Claims held by a single creditor in a particular class were aggregated as if such creditor held one Claim against the Debtors in such class, and the votes related to such Claims were treated as a single vote to accept or reject the Plan; and
- vii. any creditor who filed or purchased duplicate Voting Class Claims (whether against the same or multiple Debtors), was provided with one Solicitation Package and one Ballot and was permitted to vote only a single Claim, regardless of whether the Debtors had objected to such duplicate Claims;
- viii. a holder of a Claim entitled to vote that had delivered a valid Ballot could withdraw such Ballot solely in accordance with Bankruptcy Rule 3018(a);
- ix. subject to any contrary Order of this Court, the Debtors could reject any and all Ballots the acceptance of which, in the opinion of the Debtors, would not be in accordance with the provisions of the Bankruptcy Code or the Bankruptcy Rules;
- x. subject to any contrary Order of this Court, the Debtors could waive any defect in any Ballot or Master Ballot at any time, whether before or after the Voting Deadline, and without notice;

- xi. as to any creditor filing a motion pursuant to Bankruptcy Rule 3018(a), such creditor's Ballot was not counted unless temporarily allowed by the Court for voting purposes after notice and a hearing;
- xii. if a creditor cast more than one valid Ballot voting the same Claim(s) before the Voting Deadline, the last dated Ballot received before the Voting Deadline was deemed to reflect the voter's intent and, thus, to supersede any prior Ballots; and
- xiii. none of the Debtors, GCG, or any other person or entity were under any duty to provide notification of defects or irregularities in delivered Ballots, nor would the Debtors, GCG or any other person or entity incur any liability for failure to provide such notification.

33. The following additional rules applied to the tabulation of Master Ballots and Ballots cast by Nominees and beneficial owners, respectively:

- i. GCG applied votes cast by beneficial owners through a Nominee against the positions held by such Nominee in the applicable securities as of the Record Date, as evidenced by the record and depository listings. GCG did not count votes submitted by a Nominee pursuant to a Master Ballot in excess of the Record Amount of such securities held by such Nominee, *provided, however*, that GCG was allowed to adjust such Record Amount to reflect the amount in accordance with subparagraph (iii) below;
- ii. to the extent that a Nominee submitted conflicting votes or "overvotes" on a Master Ballot, GCG made a reasonable attempt to reconcile discrepancies with the Nominee;
- iii. to the extent that GCG could not reconcile overvotes on a Master Ballot before the preparation of the vote certification, GCG applied the votes to accept and to reject the Plan in the same proportion as the votes to accept and reject the Plan submitted on the Master Ballot that contained the overvote, but only to the extent of the Nominee's position in the applicable security; and
- iv. a single Nominee could complete and deliver to GCG multiple Master Ballots. GCG counted votes reflected on multiple Master Ballots, except to the extent the votes were duplicative of other Master Ballots. If two or more Master Ballots were inconsistent, the latest dated Master Ballot received before the Voting Deadline, to the extent of such inconsistency, superseded and revoked any prior Master Ballot.

34. GCG complied in all respects with the provisions of the Solicitation Procedures Order, including as to provisions thereof not explicitly set forth herein.

35. GCG is in possession of the Ballots and Master Ballots received, and same are available for review during GCG’s regular business hours at 5151 Blazer Parkway, Suite A, Dublin, Ohio 43017.
