

I am a proud UMWA retiree, I spent 43 years working as a UMWA miner.

Now I have multiple health problems and depend on my miners pension and health benefits to compensate my social security.

I have had open heart surgery, influenza and diabetes which requires me to see a Doctor on a regular basis. Without the help and assistance of my pension and insurance, I would not be able to take care of all of my medical needs.

I am asking you to please give my other fellow union members and myself your kindest consideration in making your decision regarding the UMWA.

Kindest Regards,

*Raymond E Jones*
