

Honorable Shelley C. Chapman

My husband and I are retired and disable, Robert and I both suffer with different illnesses. I am 41 years old and I have R Rheumatoid Arthritis and Fibromyalgia, I have disk in my lower back that are bugged out and for us to lose our health care would be a night mare for us. I am in pain most of the time. If it wasnt for my medicine it would be hard to keep going. Robert has had three back surgeries and has lung problems. Please your honor help us to keep our health care, regarding the Bankruptcy of Peabody, Arch and Patriot.

Thank you, Retired worker of,
United Mine Workers of America
