I am writing too you that if Peabody Coal gets out of their contract agreement with members of U.M.W.A would be very BAD Thousands of families would loose Everything they have worked so many Years & Hard for their families one Hospital Stay would be debasting They would loose their home, property then We Would have to turn to state or Federal<sup>for</sup> help. These coal companies in good faith signed & agree too the contracts with the U.M.W.A.

As for myself I am 84 years-old I have bone cancer alone with other problems. One hospital stay or surgery I would loose all I have which is not very much but its mine I worked very hard for it where would my wife go too! I worked under ground For 40 years

Thank You  
Charlie Jude
